QUESTIONS OR COMMENTS?

Sector Strategy

A guiding approach for how partners collaboratively identify industries' and workers' talent development needs and implement responsive, coordinated solutions at a region-wide, industry scale.

GROUP DISCUSSION

- 1. What are the most significant gaps in qualifications among applicants/new hires in your field?**
- 2. What policies or programs could strengthen pathways into your industry?**

Energy Sector Strategy -
Educational Institution Survey

SW Region Energy Sector Strategy
Survey
